Dear OFM Provincial Head:

I am extremely concerned that you have someone in your ranks who is trying to communicate a very dangerous message to the world and to other Roman Catholics.

10 seconds into the video by Fr. Daniel P. Horan (<http://youtu.be/LyzlewE6m8A>) two homosexuals appear holding hands in what some would call an irregular union, others would call it just plain sinful.

This is deeply concerning to me as it subtly communicates and sends a message to the world that sin is not something Catholics or anyone really needs to be concerned about. The fact that this homosexual imagery is shown in a Roman Catholic video falsely sends a message of acceptance of and permission to commit the act of homosexual unity. It is exactly the kind of message, due to its subtle yet highly effective impact on the human conscious and subconscious mind, that Satan himself would want the Church to send.

It is a message that empowers the false teachings of the devil and diminishes the truth of Jesus Christ, sort of like nailing Christ to the cross again, because of what he teaches.

After receiving this loud and clear message you subtly sent through the video, the next question one would naturally ask is “Why only show one type of irregular Union? Isn’t that discrimination against those united through adultery, premarital sex, group sex, thievery, the commission of abortion, or even murder?”

I mean if sin is ok, and being united in acts of sin is not wrong, as your portrayal of the homosexual Union communicates, then all sin must be ok no matter how sinful it is, right? That’s what your video communicates. Is that the kind of message you believe Jesus Christ wants you to send?

You might want to make sure whoever made that video is prevented from instructing or teaching others about the faith. Their teaching skills appear to be acting in service of darkness. The message subtly conveyed through that video is that sin doesn’t exist. That is message has the potential to lead many souls directly into hell – exactly what the devil himself would want.

You need to clean your house lest it continue to work against The Lord our God and his Son Jesus Christ. I shall keep you in my prayers. May God help you.

Sincerely,
